

An Evening to Remember

Evening of Stories 2016 was a great success!

Because of the generosity of those who came and all the pre-event support from our sponsors, we met our budgeted goal of \$100,000 for the next year!

We had a great time listening to Dr. Ortberg speak and to Cami Bradley sing. There was a special video message from Joni Eareckson Tada to all the guests and we heard from Dr. Stanley Mukolwe, the former National Director of the Navigators in Kenya. It was fun reconnecting with old friends and meeting new ones. Thank you all so much for coming out and learning about our ministry.

If you missed the event, we recorded it this year and are working on a plan to make it available to you. If you'd like to watch Joni's video or hear how our Courageous Parenting book is reaching into Africa, go to our website at www.genesisinstitute.org to view them.

We also made a goal to add an additional 50 regular monthly donors, and we made good progress toward reaching that goal. We could still use your help, so **if you would like to join our monthly giving plan, please contact our office.** Thanks for being on our Team!

Linda
