

There's Nothing Too Big For God!

I once heard a story about a little dog that was always getting into fights with bigger dogs. Each time the little dog fought, he would win. How was that possible?

There is an old saying, "It's not the size of the dog in the fight; it's the size of the fight in the dog that determines the outcome!"

Sometimes we put a limit on what we think God can do for us. But it's not the size of the problem we're facing that makes the difference, it's the measure of faith God put in us when he breathed life into us.

God specializes in taking care of big things, little things, and all the things in between.

GOOD NEWS! As you know we have been praying about a new roof. Many of you have been praying and giving to help us accomplish this. Dennis Roach, our Executive Ministry Coordinator, has been working diligently with contractors through this complicated process. He told us recently, "Houston, we have ignition!" We received good news from the engineer and we received the go ahead from the City.

They started on the roof last Monday (August 28th) and it should be done by the time you read this message!

We praise God and all of YOU that helped us accomplish this! We took it to the Specialist and He delivered the outcome!!

Linda
