

Look Who's Joined the Genesis Family!

Amy Cutler is going to be helping out in the office a day or so each week. Amy comes to us with diverse experience. She was a Ministry Assistant at a local church for 10 years followed by 3 years as an Account Manager at an advertising agency. She and her husband (Curtis) are direct recipients of Genesis Institute training & concepts lived out through the ministry of the church. They have unique & redemptive stories about how the Lord has completely restored their lives and brought tremendous healing. Now their deepest desire is to help others. Amy's passions are both for people and for organizational strategies for kingdom purposes.

We are so glad you are here!
